Co-opted Members:

Michael Conlon	15 The Wick
Pamela Conlon	15 The Wick

MOLEWOOD RESIDENTS ASSOCIATION

Newsletter April/May 1978

Lighting of Peel Crescent passage.

This matter has been under discussion for some months, as it was suggested that the Association have a lamp standard erected in this passage. However, the Association would have to pay the costs involved in this venture, and apart from all the necessary legal expenses that would be incurred, in obtaining permission to erect such a lamp, the installation costs are well beyond our means.
It has therefore been decided not to proceed any further with this project.

Screening of school playing fields.

The planting of a suitable tree sceen, shielding the playing fields from a number of houses in The Avenue and Cowper Crescent, has been completed.

The Avenue - Car parking

This topic is now under discussion with the Council.

Yellow Pages

More adverts are still required before we can revive the Yellow Pages service that was a regular feature of the Newsletter a couple of years ago.

Annual General Meeting

The Books and Accounts of the Association have been agreed for the fiscal year, and are now being audited. Notice is hereby given that our Annual General Meeting will be held on Monday, 22nd May, in the River Room, Castle Hall, commencing at 8.00 p.m.

It is anticipated that Reports and Accounts will be circulated to members in the next few weeks.

Access Roads

A letter has been received from a member residing in The Avenue, requesting that parents be asked to encourage their TEENAGE children to make more use of the Adventure Playground. The access roads behind the houses in The Avenue, and elsewhere on the Estate, are not suitable for games of footballplayed by teenage boys.

The incessant kicking of footballs against garage walls is causing damage to brick facings and point work. The road surfaces are also being damaged, the cost of repairs of which in the majority of locations, would have to be met by the owners of properties ajoining such roads.

A number of these roads have sharp bends, blind to the driver, and there is the chance that accidents may occur, not only to the children playing, but to cars, drivers and property.

The co-operation of members in asking their children to refrain from using the access roads as football pitches would be appreciated.

Crime and Vandalism

Crime and acts of vandalism are still active on our Estate. In spite of Police warnings and publicity, people still leave cars, backdoors, windows and garages unlcked, and very often wide open for all to see.

A thief is normally a very lazy person who willusually leave premises and equipment untouched where he has to use force to gain entry. Please take these warnings seriously and if you leave it, LOCK IT.

It has been arranged for the Police Mobile Crime Prevention Exhibition Unit to vist the Estate. This Unit covers all types of crime and officers will be availble to discuss any problems that members may have.

The Unit will be sited in The Avenue, opposite the Shops on Saturday, 29th July. Please make an effort to vist this vehicle and observe what types of crimes are being committed, and what steps can be taken to prevent them.

David Brooks
Editor.

Items for inclusion in next Newsletter to reach me by 15th June.
